**Members:** Cllrs B Davis, J Gardner, M Gillman, K Knox, R Johnson, J Faulkner, B Hubery and C White.

**In attendance:** Mrs S Endersby

**Open Forum:** Surrey County Councillor Mrs H Windsor, Tandridge District Councillor Mr N Childs; Rose Thorn and Eileen Blake.

**4. Questions from Members of the Public** – There were no questions from the public.

**5. County and District Councillors**

Councillor Rose Thorn, Tandridge District Councillor

Streetlife - Cllr Thorn asked if the Parish Councillors were aware of a user referred to as 'DAPS' on Streetlife who appears to have been speaking on behalf of Godstone Parish Council. Councillors responded that they did not know who DAPS is and the Parish Council does not publish statements on any social media sites. The Parish Councillors confirmed that a response to the Tandridge District Council (TDC) Local Plan had been prepared and submitted by Godstone Parish Council.

Councillor Eileen Blake, Tandridge District Councillor

Londis shop and post office parking issues - Cllr Blake raised the concerns of a local shop keeper in relation to unreasonable parking outside the shop which was felt impacted on trade and certainly disrupted deliveries to the shop and what support the Parish Council could offer. Parish Councillors responded that they appreciated the concerns raised, but that the bay outside the shop has no parking restrictions on it and this would have to be referred to Surrey County Council (SCC). The Parish Councillors had no issues with the parking bay outside the shop having time restrictions imposed on it, but how can it be enforced successfully, knowing the level of parking patrols made by Reigate and Banstead Parking enforcement is inadequate, apart from the shopkeeper referring people parking unreasonably to a restriction sign. The matter was referred to Cllr Windsor who stated that unfortunately financial pressures for SCC are likely to make it difficult to arrange for signage to be put up. Councillors all acknowledged the value of the shop and post office to the community and that it would be a great loss to the village if it were to close.

**ACTION:** A motion was proposed for consideration at the next Parish Council meeting. Would Godstone Parish Council pay for signage to be installed by Surrey County Council outside the village Londis shop and post office. This motion to be in consultation with Councillor Windsor ensuring that such a proposal is possible, the price involved and the application of a traffic order.

Councillor Nick Childs, Tandridge District Councillor

Parking Enforcement Agreement - Cllr Childs raised that the Reigate and Banstead Parking Enforcement Agreement was ending and that a review would be taking place. Cllr Childs stated that the dissatisfaction of parking enforcement in Godstone would be feedback to the panel reviewing the Parking Enforcement Agreement.

Formans Institute – Cllr Childs was asked if there had been any decision made in relation to the Planning Application made by the Formans Institute. No decision. Contacting the charities commission and TDC revoking licence were discussed in relation to the continued frustrations in relation to the Formans Institute.

Councillor Helena Windsor, Surrey County Councillor

Yellow lines on Triangle by Godstone Pond - Cllr Windsor reported that the yellow lines on the triangle should be double yellow, but as there are none there now this situation will be rectified.

Fence, Oxted Road Bus Shelter – Cllr Windsor reported that this has now been repaired.

HGV, violation of licence restrictions – Cllr Windsor reported that there is still a strong feeling that HGV lorries are violating their licence restrictions and that people should continue reporting them and Cllr Windsor will send details of where reports should be sent.

Bay Pond Barrier and light by Youth Centre – Cllr Windsor reported these had been repaired. Parish Councillors commented about the quality of repair to the barrier was raised as not acceptable.

Neighbourhood Plan – Cllr Windsor reported that Councillor Michael Sidney would be a willing volunteer to participate in Godstone Parish Councils Neighbourhood Plan.

Anglefield Corner – Cllr Windsor was asked about a site meeting at Anglefield Corner. Cllr Windsor will follow this matter up with the Road Safety department.

1. **Apologies and reasons for absence** - M McLoughlin was absent from the meeting.

2. **Declarations of Interest** - There were no declarations of interest.

3. **Minutes**

3.1 Minutes of the previous meeting held 5 December 2016 were discussed, noting a small change had been made to the original minutes sent out by the clerk. It was acknowledged that this was done following a request for clarification by councillors of point 10.8 and the Action resulting. The minutes were amended to state 'with the process of producing a plan' at the end of point 10.8 and the Action extended to include 'and contact TDC with notification of GPCs intent to produce a Neighbourhood Plan.'

3.2 Seven councillors voted that the minutes were a correct record of the meeting and that they be signed by the Chairman. Councillor Gillman voted against the minutes being signed and Councillor Knox did not vote as he had not been at the meeting.

3.3 With a majority vote the minutes were signed by the Chairman.

4. **Questions from Members of the Public** – See above.

5. **County and District Councillors** – See above.

6. **Matters Arising**

HGV's – It was noted that parishioner Mr P Sharp had been in to the Parish office and contacted Cllr Windsor in relation to the issue of the number of HGV's driving through the village. The Clerk had been in contact with Cllr McLoughlin to inform him that Mr P Sharp would be willing to participate in a traffic survey.

7. **Website**

7.1 Councillors were updated on work that has taken place on the website and that it had been possible to publish this meeting's agenda. There is still work to take place, but progress has been made.

7.2 Councillors raised the change of email address for the parish and it was confirmed that this was being managed by the IT support contractor HPS.

8. **Standing Orders**

It was reported that a meeting had not taken place to finalise the draft standing orders were points for discussion had been raised so it was agreed that the matter be postponed to the February meeting giving the working group an opportunity to finalise the Standing orders before circulating for agreement.

9. **Neighbourhood Plan**

9.1 It was reported to councillors that the Acting Clerk had sent Godstone Parish Council application for designation of a Neighbourhood Area on 21 December 2016.

9.2 The application had been Acknowledged by email on 30 December 2016 by Piers Mason stating: his intention to advertise the request for designation in the Surrey Mirror on the 12<sup>th</sup> of January and that the consultation will run for 6 weeks from that date ending at 5pm on the 23<sup>rd</sup> of February. He did not anticipate any problems and provided there are no objections that cannot be resolved he should be able to approve the designation very soon thereafter.

9.3 The next required action by the Parish Council is to establish an advisory committee or sub-committee under section [102\(4\) of the Local Government Act 1972](#) and appoint local people (who need not be parish councillors) to those bodies. It was discussed and proposed that the most appropriate committee would be an advisory committee.

9.4 Parish Councillors noted the implications of an advisory committee under section [102\(4\) of the Local Government Act 1972](#). Noting that members of such committees would have voting rights under section [13\(3\), \(4\)\(e\) or \(4\)\(h\) of the Local Government and Housing Act 1989](#) and that the terms of reference for the steering group should be published and the minutes of meetings made available to the public.

9.5 Councillors unanimously agreed that a Neighbourhood Plan Advisory Committee (NAPC) be created and appoint local people, who will not all be parish councillors.

9.6 Councillors proposed that Cllr Davis be the lead councillor on this matter for reporting at Parish Council meetings and Cllr McLoughlin and White will also be on the NAPC.

9.7 The following **ACTIONS** were deemed the next appropriate steps to take:

- i. Call a meeting of the NAPC inviting those volunteers who have put their names forward;
- ii. Cllr Davis to liaise with volunteers and make arrangements for a meeting;
- iii. Agree a set of officers at the meeting and report this at the next Parish council meeting;
- iv. Agree a constitution at the meeting and report this at the next Parish council meeting; and
- v. All Parish Councillors to be invited to attend the meeting.

9.8 The Parish Council unanimously agreed that the cost of the first meeting would be covered by the Parish Council.

**ACTION:** Cllr Davis and White to liaise to secure a suitable venue for a meeting on a Monday evening.

9.9 Councillors discussed if the volunteers on the committee would be required to complete a Declaration of Interest form. It was understood that the NAPC would not be bound by the Parish Council Standing Orders.

**ACTION:** It should be clarified if the volunteers should sign a Declaration of Interest form.

9.10 The NAPC will be required to report the Parish Council at certain times when a decision is required, examples but not an exhaustive list, at the Pre-submission stage, Submission stage, before the Independent Examination stage and the Referendum stage.

9.11 It was acknowledged that the Parish Council website could be used to publish the necessary papers in relation to the NAPC.

## 10. Noticeboard on Godstone Green

10.1 Councillors were asked to consider the resiting of the Parish Noticeboard or an additional noticeboard on Godstone Green.

10.2 Councillors discussed that it would be a good idea to have a noticeboard at the north end of the village, but discussed that the Parish Council would need to ensure that they had the right to put a noticeboard on the land.

10.3 It was discussed that the noticeboard could perhaps be two sided so that the Parish Council had a locked section for displaying the statutory notices and papers and then on the other side a noticeboard that the community could use for notices. On the public notice board a sign would need to clearly state that the community is welcome to use the noticeboard, but that any notices deemed in appropriate by the Parish Council would be removed.

**ACTION:** Cllr White to make enquiries about the costs of notice boards.

10.4 Councillors acknowledged that work is still taking place to install the new noticeboard in Blindley Heath, with the final location still to be agreed.

## 11. Code of Conduct and Interest Declarations

11.1 Councillor Hubery reported that he had reviewed the Code of Conduct as published on the Parish Council's website.

11.2 Councillor Hubery recommended that there were no changes required and the Parish Council agree to adopt the Code of Conduct.

11.3 Councillor reflected if there had been any issues that had prompted a need to review the Code of Conduct and deemed there had not.

11.4 Councillors unanimously agreed to adopt the Code of Conduct and Interest Declarations document.

## 12. Length of Meetings

12.1 Councillors were asked to consider that meetings are most productive when they are kept within a two-hour timeframe.

12.2 Councillors had a short debate that sometimes extending a meeting is more productive than arranging an extraordinary meeting to cover matters that remain on the agenda.

12.3 It was discussed that the public participation in the meeting was welcomed, but could be time managed more efficiently.

## 13. Grants

Due to Councillor McLoughlin, not being at the meeting it was agreed that this motion, to approve the proposal presented at the November meeting, be carried forward to the February Parish Meeting.

**ACTION:** Clerk to include Grants motion on the February agenda.

- i. Oxted Road bus shelter – Update from Cllr Windsor had informed the councillors that the fence on the back edge of the pavement has been repaired.

**ACTION:** Cllr Gardner to look at the barrier and the Clerk to follow up with Surrey County Council
- iii. Hare and Hounds – Map of ownership reviewed and it was reported that the brewery owns a strip of land 6ft wide and the parish owns the two grass areas with benches and then there is an area of unregistered land. In the agreement between the brewery and the Parish Council it states that the brewery should keep tidy and clean areas that belong to the parish. It does not seem that the maintenance of the car park is the Parish Councils responsibility. It was noted that the pub ownership may be changing.  
**ACTION:** Cllr Gardner and Clerk to liaise in relation to potentially registering the unregistered land and investigate further.
- iv. Office hours – Councillors acknowledged the clarification that from January the office will be open to the Public from 9.30-12.30 on Monday, Wednesday, and Friday. Councillors agreed that they would telephone on Tuesday's and Thursday's to arrange to visit the office.

- i. Redhill Aerodrome - Cllr Hubery reported that he had attended a meeting in relation to the redevelopment of Redhill Aerodrome and will continue to when they occur. The plans presented demonstrated and impressive scheme is being considered. The initial plan is to build a road to link the site to the M23 motorway.
- ii. Telephone cable obstructions (Blindley Heath) – It was reported that a single telephone line serving 3 properties (White Lodge Cottage, Oaklands, Pheasant Rise) is dangerously stretched by 2 tree branches. This cable is on the heath ground on the right-hand side (west) of the lane facing Nestledown Kennels and opposite Martyn's Platt. The cable runs from the boundary of Pheasant Rise across the road. There is then also a cable serving the community at RH7 6LG and runs from A22 across the lane towards Stanton Hall, approx. 10 metres from the entrance to A22. The resident who has reported this stated that BT had explained that it was the landowner's responsibility.

Cllr Hubery and Faulkner have carried out a site visit following the resident's email. The Parish Council were referred to The Telecommunications Code, which states that *'Where a tree obstructs or interferes with apparatus the company can require the tree to be felled or trimmed. If it is not, the company can do the work itself but must do so in a proper and workmanlike manner. Where the owner or occupier does the work, he can claim for the cost incurred and any other losses.'*

**ACTION:** Clerk to write to BT asking for a copy of the Wayleave agreement which states the Parish council's obligation; stating that the parish council believes it is BT's responsibility; that the council is not able to protect the cables; and a request for a site meeting.
